

IPSOCON **2025** **HYDERABAD TELANGANA**

58th Annual Conference of
Indian Psychiatric Society
South Zonal Branch

in association with
Indian Psychiatric Society
Telangana State Branch

Theme

“Newer Horizons and Frontiers
in understanding ADHD across Lifespan”

Venue

ESCI, Gachibowli, Hyderabad

Dates

24,25 & 26 October 2025

Welcome message

IPSOCON  **2025**
HYDERABAD TELANGANA

Dear member,

The organising committee welcomes you to Hyderabad : the 'City of pearls', the Biryani Nation, equally famous for its Deccan rock formations and skyscrapers, to convene for IPSOCON 2025 (24 October to 26 October).

Hyderabad, fondly called Cyberabad, is home to major business and IT hubs. It is the capital of Telangana, a state with deep historical and cultural significance. Having been ruled by powerful dynasties like the Satavahanas, Kakatiyas, Qutub shahis and Asaf Jahis (Nizams) , the region showcases a unique blend of Telugu and Persian-Urdu influences, evident in its language, cuisine, architecture and festivals. Although majority of the population speak Telugu, Urdu and Hindi also has a significant presence, especially in Hyderabad.

Tourist attractions in an around Hyderabad not to be missed are: Ramappa Temple, Charminar, Golkonda fort, Yadagiri Gutta, Qutub shahi tombs, Medak Church , Statue of equality all of which are must - see destinations.

The state of Telangana is situated on the Deccan plateau, made of basalt, a type of volcanic rock. It experiences semi arid climate with hot summers and moderate monsoons. Traditionally an agricultural state with the rivers Krishna and Godavari forming fertile basins, Telangana is also rapidly developing in IT sector and Pharmaceuticals and emerging as a top destination for Indian start-ups.

We have chosen a novel theme **“Newer Horizons and Frontiers in understanding ADHD across Lifespan”** for this conference. Rapid advances have taken place in the understanding of how ADHD presents in different age groups and its impact on individuals and families. The future generations of children, with their increasing dependence on technology and rapidly evolving skills, demand us to focus on updating our understanding of ADHD.

This conference aims to bring into focus various aspects of ADHD : diagnostic assessments, co-morbidities, pharmacological & psycho social treatments, latest research and Adult ADHD as well.

The subject is relatively new and exposure to child psychiatry is very limited at most training centres, but not for long. The organising committee is very enthusiastic about making this a comprehensive learning experience. Eminent speakers from across the globe will be joining to share invaluable insights. We are also confident that the Telangana state branch, having recently organised ANCIPS 2025 with resounding success, will spare no efforts to recreate their signature style, an atmosphere where scientific temper meets Nawabi hospitality. Certainly not an opportunity to be missed !

We look forward for your active participation and contribution. Join us to hone your clinical skills and become an ADHD expert in no time !

Hyderabad: The Pearl City and a Global Hub:

Hyderabad, the capital of Telangana, stands as a testament to diverse heritage, blending a rich past with a dynamic, forward looking present. Founded in 1591 by Muhammad Quli Qutb Shah, it was strategically built to overcome water shortages faced at Golconda Fort, the earlier capital. Over centuries, Hyderabad flourished as a center for diamond, pearl, arms, and steel trade, earning it the moniker "City of Pearls." Today, it is not just a historical and cultural gem but also a thriving metropolis, a major hub for information technology, pharmaceuticals, research and defense industries.

Architectural Marvels and Cultural Hubs: The city is a treasure trove of architectural wonders. The iconic **Charminar**, built in 1591, is a global symbol of Hyderabad, its four graceful minarets a marvel of Deccan architecture. Nearby, the grand **Mecca Masjid** one of India's largest mosques, stands as a testament to the Qutub Shahi era. The **Golconda Fort** with its imposing structure and acoustic wonders, narrates tales of bygone empires. The majestic **Chowmahalla Palace** and the opulent **Falaknuma Palace** offer glimpses into the extravagant lifestyle of the Nizams. Hyderabad is also home to the **Salar Jung Museum** housing one of the world's largest private art collections, and serene temples like the Birla Mandir and Chilkur Balaji Temple.

A Culinary Capital: Hyderabad is synonymous with its delectable cuisine, a tantalizing fusion of Persian, Mughal, and regional Telugu flavors. The world famous **Hyderabadi Biryani** is a culinary icon, alongside other delicacies like Haleem and Bagara Baingan.

Telangana: India's Youngest State, Forged from a Rich Past:

Telangana, India's youngest state, carved out of Andhra Pradesh in 2014, boasts a rich tapestry of history, culture, and economic dynamism, with its capital city, Hyderabad, at its vibrant heart.

A Legacy of Dynasties and Diverse Cultures: Telangana's history stretches back millennia, with evidence of human habitation since the Stone Age. It has been shaped by powerful dynasties like the Satavahanas, Kakatiyas, Qutub Shahis, and the Nizams of Hyderabad. This layered past has fostered a unique "Ganga-Jamuni tehzeeb" a harmonious blend of Hindu and Muslim cultures and traditions, evident in its language (Telugu and Urdu are official languages), architecture, cuisine, and festivals.

A Flourishing Arts and Crafts Scene: Telangana, and Hyderabad in particular, is renowned for its exquisite handicrafts. The intricate **Bidri craft**, where silver is inlaid on a darkened metal alloy, is a standout, originating from the erstwhile Hyderabad state. **Banjara Needle Crafts** showcase vibrant embroidery and mirror work, reflecting the nomadic spirit of the Banjara community. **Dokra metal crafts** using the lost-wax technique, produce unique bell metal figurines and motifs. Other notable crafts include Nirmal paintings, known for their natural dyes and intricate storytelling, and the globally celebrated **Pochampally Ikat** sarees, famous for their unique tie-and-dye patterns.
